

16 x 32 Plain

Gypsum
(ACBEGM/1632)

Pearl
(ACBEPL/1632)

Grey
(ACBEGY/1632)

With the three-dimensional wall tile in the Brave series, Atlas Concorde offers a stone look in structured wall tile. The sculpted stone effect is natural and has a strong impact while offering the advantages of a ceramic product. The two different shapes (Wave in three colors and Blade in Gypsum only) offer a choice between soft undulation and dynamic geometry, and can be installed in entire areas or used as a feature with the plain field tile. The Brave series has multiple images of different kinds of stone veining mixed together.

16 x 32 Wave

Gypsum
(ACBEGM/1632W)

Pearl
(ACBEPL/1632W)

Grey
(ACBEGY/1632W)

16 x 32 Blade

Available in Gypsum Only

Gypsum
(ACBEGM/1632B)

Colors are intended as a guide only and may vary from actual tile. Sizes listed are nominal. Please check samples before making final selection and to get actual dimensions for layout.

Coordinating Trim

Available in all 3 colors in Plain only and is made by cutting the Plain 16 x 32.

1/2 X 16 Miter Bullnose (ACBE - - /MBN)

Miter Bullnose & Profile

Trim with Field Tile

Installation Information

Brave is intended for interior walls. If installing with a cement-based adhesive, it is recommended to use flexible setting material that meets the ISO S1 standard (e.g. Servolight by Kiesel). All substrates should be properly reinforced to be sure there is no movement. Wood studs need to be dry and properly braced with a minimum depth of 3-1/2". For mortar installations, the mortar bed has to be cured (less than 2% humidity) and has to have proper reinforcing. Brave is designed and recommended to be set with a straight joint. Care should be taken to have the pattern align from piece to piece to create a continuous flow.

Due to the nature of this large format wall tile, orders must be for full boxes only. Please note that we do not accept returns in general. In the rare occurrence that we make an exception and do take a return of this product, only factory sealed boxes can be accepted.

Usage

Brave is suitable for use in commercial and residential interior wall applications.
