

AVANTI

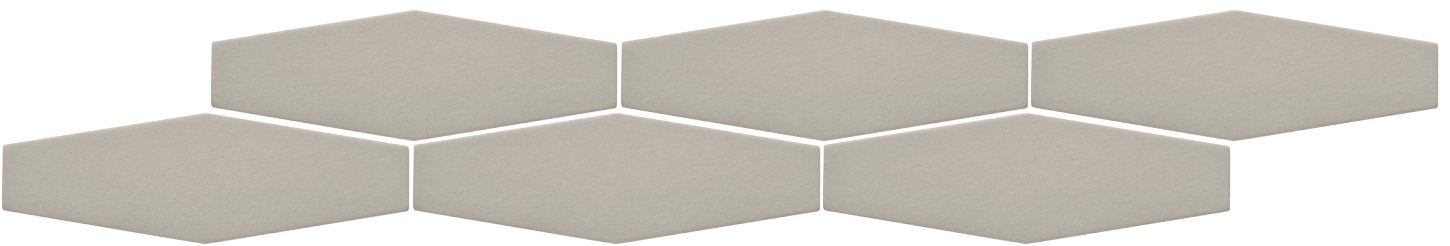

The literal translation of “avanti” is “forward.” Natucer’s Avanti takes the historic hexagon shape and brings it forward, stretching it and turning it into something fresh. The resulting creation is a final look that is both classic and current. In addition to its beautiful look, Avanti also offers the strength and hand-made feel of an extruded porcelain product. Variation in size, shade, and surface texture are inherent and desirable characteristics of this specialized production method and add to the tile’s appeal.

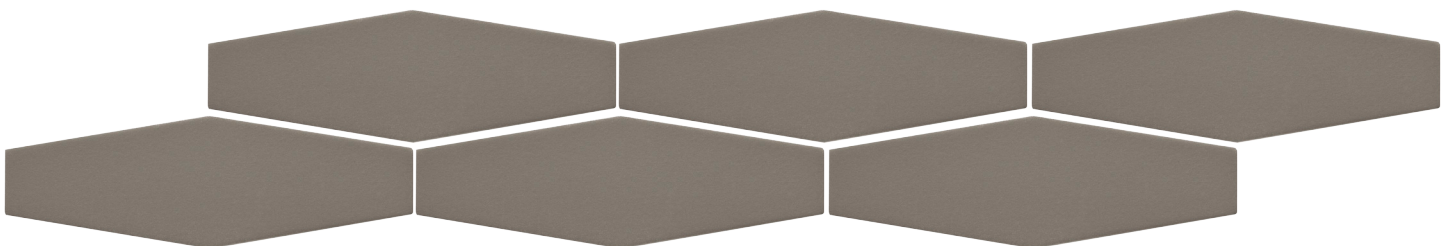

White Glossy NRAIWG
*White Matte NRAIWM

*White Matte not shown.

Pebble Glossy NRAIPG (Light Gray)

Graphite Glossy NRAIGG (Medium Gray)

Colors are intended as a guide only and may vary from actual tile. Sizes listed are nominal. Please check samples before making final selection and to get actual dimensions for layout.

Colors

Graphite Glossy	NRAIGG	(Medium Gray)
Pebble Glossy	NRAIPG	(Light Gray)
White Glossy	NRAIWG	
White Matte	NRAIWM	

Sizes (Non-Rectified)

2 ½ x 8 Hex NRAI--/38HX

Coordinating Trim

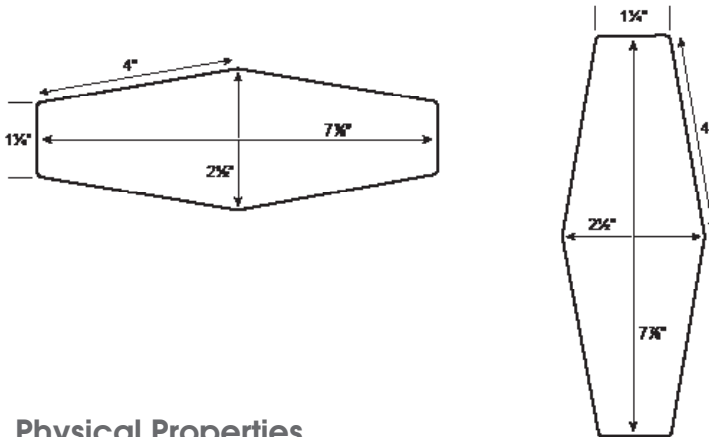

Expect variation in color and size between field and trims.
 NRAI--/112SBN ½ x 12 Surface Bullnose

Installation Information

Due to the extruded process that creates this handcrafted look, we recommend using at least an 1/8" grout joint. It is also recommended to use a grout color similar to the color of the tile and to avoid contrasting grouts. It is important to mix pieces within each carton and from several cartons to attain a proper blend. Expect variation from production run to production run, and between the different shapes/sizes.

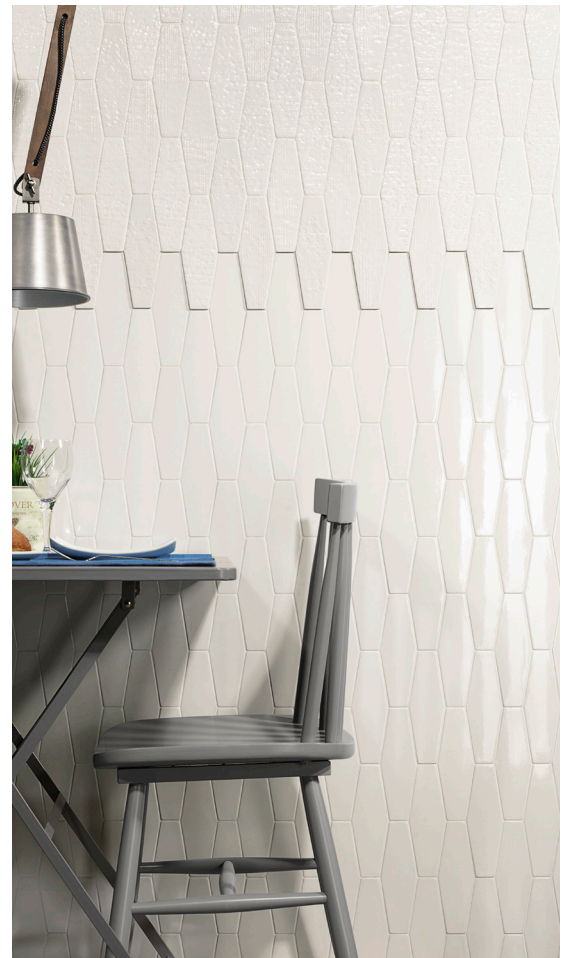

Usage

Avanti is suitable for walls and light duty residential floors.

Physical Properties

Physical Properties	Norms	Value
Water Absorption	10545-03	≤ 0,05
Frost Resistance	10545-12	Resistant
