

GAZZINI

MOOD

Mood is a tribute to the timeless beauty of salvaged stones from Provence and a testament to the past that returns with authenticity and character. These surfaces, designed by the passing of time, tell stories in which nature and culture blend together in perfect harmony. Gazzini interprets this textural legacy by creating a surface with color variation and graphic details that evoke the character of timeworn stones. The worn effect and color stratifications create an authentic aesthetic. With multiple sizes to create traditional French patterns, and a deco that adds a unique flavor, this is a line that will be fun to play with.

Colors are intended as a guide only and may vary from actual tile. Sizes listed are nominal. Please check samples before making final selection and to get actual dimensions for layout.

Colors

Beige (GIMDBE)

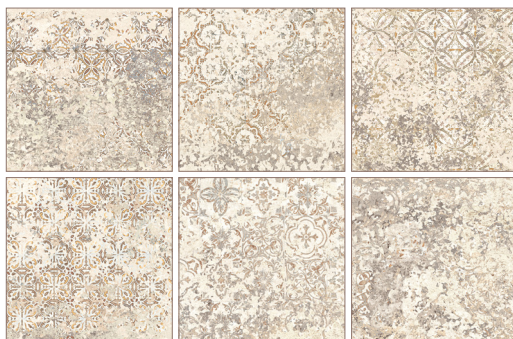

Ivory (GIMDIY)

Mud (GIMDMD)

Deco 12 x 12 Decoro (GIMD/1212D)

The 12x12 Decoro has subtle floral patterns that are designed to go with all 3 field colors. There are 6 different patterns with 4 versions of each pattern that are faded as if worn off over time - with some are worn more and some are worn less - for a total of 24 faces. The deco patterns are mixed and sold randomly.

Due to the nature of this special material, orders for the 12x12 Decoro must be for full boxes only. Please note that we do not accept returns in general. In the rare occurrence that we make an exception and do take a return of this product, only factory sealed full boxes can be accepted.

Sizes (Rectified)

12 x 12 GIMD--/1212

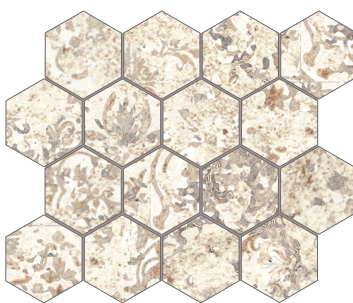

12 x 24 GIMD--/1224

24 x 36* GIMD--/2436

Mosaic

4 x 4 GIMD--/44

*Due to the special packing required for the large format tiles, orders for the 24 x 36 size must be for full box quantities only.

3" Hex Decoro
(GIMD/3HxD)

Trim

2 x 24 Surface Bullnose GIMD--/SBN

The surface bullnose is made from field tile that is cut, ground and reglazed.

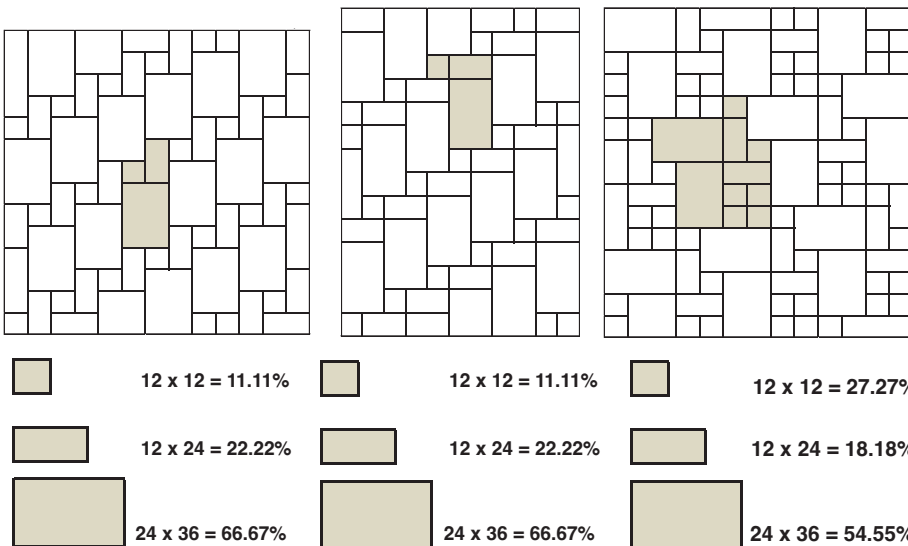

Usage and Installation

Mood is suitable for residential and light to moderate commercial use. There are many different graphics that are mixed and packed randomly. It is important to blend tie within each carton and from multiple cartons during installation, as well as changing the orientation of pieces with similar graphics to attain a proper mix.

Most Italian manufacturers recommend a maximum offset of 8" (20 cm) on all large format tiles when setting a running bond. Please refer to ANSI requirements for setting large format tiles, ANSI A 108.2 section 4.3.8.

French Patterns

Examples of patterns using the 12 x 12, 12 x 24 and 24 x 36 field sizes.

TECHNICAL INFORMATION

Physical Properties	Norms	Value	Physical Properties	Norms	Value
Abrasion Resistance	ISO 10545-7	MD: PEI 4 BE/IY: PEI 5	Breaking Strength	10545-4	Conforms
Water Absorption	10545-3	Conforms	Dynamic Coefficient of Friction (DCOF)**	BOT 3000E STANDARD ANSI A326.3	≥ 0.42 Wet
Frost Resistance	10545-12	Resistant			

** These results are for the natural finish and for the normal productions; if there is concern about a particular production, it should be tested. The Dynamic Coefficient of Friction is a general guide only. Testing may vary with different production runs and with different testing labs.
