

T-SQUARE

The 6 x 6 wall tile offers a handcrafted look reminiscent of the “zellijes” tiles made by hand in Morocco. While all the colors have shade variation, some have more movement than others. All the colors are made on a bisque with an uneven surface structure and irregular edges that are slightly chiseled. These characteristics are intentional and add to the hand-made appearance.

First Snow (SATSF5)

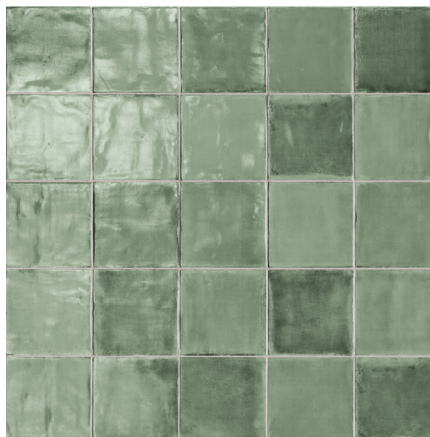

Pure Linen (SATSP5)

Half Moon (SATSHM)

Fresh Thyme (SATSF5)

Mint Tea (SATSM5)

Colors are intended as a guide only and may vary from actual tile. Please check tile samples before making final selections. See reverse side for additional product information.

SATSHM Half Moon

SATSMT Mint Tea

SATSPL Pure Linen

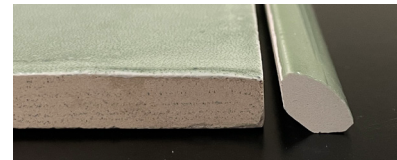

Due to the nature of this special material, orders for the 6 x 6 field must be for full boxes only. Please note that we do not accept returns in general. In the rare occurrence that we make an exception and do take a return of this product, only factory sealed full boxes can be accepted

Coordinating Trim SATS--/112SBN 1/2 x 12 SBN (Pencil Bullnose/Jolly)

1/2 x 12 SBN (Pencil Bullnose/Jolly) & Profile

Expect variation in color and size between field and trims. There is limited shade variation on the pencil bullnose; the shading is more uniform than the field tile.

Trim with field tile.

Installation Information

T-Square wall tile is intended for interior walls. If installing with cement-based adhesive, it is recommended to use flexible setting material that meets the ISO S1 standard (e.g. Servolight by Kiesel). All substrates should be properly reinforced to be sure there is no movement. Wood studs need to be dry and properly braced with a minimum depth of 3-1/2". For mortar installations, the mortar bed has to be cured (less than 2% humidity) and has to have proper reinforcing. It is important to pull from multiple boxes during installation, rotate pieces, and not the placement of the different images to get the proper final blend.
